ABOUT GANPAT UNIVERSITY

A splendid, unique and excellent multi-professional education campus promoted by Mehsana District Education Foundation called Ganpat Vidyanagar has now become Ganpat University vide Gujarat Govt. notification dated 11th April 2005. The university, having all state-of-art academic infrastructure & accommodation facilities offers diversified, undergraduate and post graduate programs in technical and professional disciplines. The Ganpat university campus is spread over about 300 acres of land on the Mehsana-Gandhinagar highway.

THE INSTITUTE

S.K.Patel College of Pharmaceutical Education and Research was established in the year 1996 as the first self financed pharmacy college in the North Gujarat Region imparting degree Pharmacy course. The Pharmacy College is spread over 25 acres of land with total a built up area of 9250 sq. meters. The college building, which includes 16 laboratories, classrooms, well furnished library, seminar hall, auditorium, and administrative area totaling up to 9272 sq. meter is an architectural splendor with ultramodern facilities.

The college is approved by All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). It is a constituent of Ganpat University offering D. Pharm, B. Pharm, M. Pharm. and Ph.D. courses. The college is an institutional member of Indian Society for Technical Education (ISTE). The College is also recognized as "Scientific & Industrial Research Organization" (SIRO) by the Dept. of Science & Technology (DST). The head-office of the Indian Pharmaceutical Association (IPA) Mehsana Branch is also located at the college. The college has achieved the distinction of being FIRST ACCREDITED PHARMACY COLLEGE (upto 2011) in the Gujarat state.

The institute has been successful in maintaining a high level of academic and research and conducting collaborative/ sponsored research projects for various

international and national statutory bodies, universities, research organizations and industries. The college organizes workshops and seminars for faculty, community pharmacist and to the society as well as professional organizations at regular intervals.

OBJECTIVES

To highlights recent trends and advances in in the field of controlled release drug delivery systems.

To familiarize the participants with fundamentals of controlled release drug delivery systems that can be useful in research work.
